Pedagogy and effective teaching | Child Development

Pedagogy (/'pedəgɒdʒi, -gɒʊdʒi, -gɒgi/) (most commonly understood as the approach to teaching) refers more broadly to the theory and practice of learning, and how this process influences, and is influenced by, the psychological development of learners. Pedagogy, taken as an academic discipline, is the study...

Developing a pedagogy for nursing teaching-learning ...

Pedagogical approaches are often placed on a spectrum from teacher-centred to learner-centred pedagogy; though these two approaches may seem contradictory, they can often complement each other in the realisation of educational goals—for example, a teacher-centred approach may be useful to introduce a new theme, while a learner-centred approach may be necessary to allow students to explore these ideas and develop a deeper understanding.

Developing A Socially Conscious Pedagogy: Lessons in ...

The CFT has prepared guides to a variety of teaching topics with summaries of best practices, links to other online resources, and information about local Vanderbilt resources.

10 Innovative Learning Strategies For Modern Pedagogy

We identify nine strategies, digital game-based pedagogies, that represent common characteristics in exemplary teaching with digital games, and discuss how a professional development session may have aided in the teachers' use of these strategies. To create effective digital game-based learning environments, we argue,...

Developing a pedagogy for nursing teaching-learning ...

Pedagogy: Learning Centered Teaching The pressures to cover material are real, but if our students do not learn the material we cover, what is the point? Judging by the qualifiers that accompany the word "teaching" these days, it seems that simply teaching is no longer enough.

Pedagogy: Learning Centered Teaching | Center for ...

What is Pedagogical Development (PedD)? Skelton (2005) states that there is a clear difference between PedD and Pedagogical Research (PedR); PedD is small scale, whereas PedR is large scale. This means that PedD is the more common form of research carried out as it is often carried out by individuals with an aim to improve an area of their own teaching.
