Book Summary: Good to Great by Jim Collins - Aniket ...

Excellent book that applies principles from the author's book, Good to Great, to the public sector (i.e. government and non-profit service sectors). I found his understanding of the difference between the public and business sectors to be insightful. This book can be read alone, or after his book, Good to Great.

Jim Collins - Books

"The good-to-great companies made a habit of putting their best people on their best opportunities, not their biggest problems. The comparison companies had a penchant for doing just the opposite, failing to grasp the fact that managing your problems can only make you good, whereas building your opportunities is the only way to become great.
