Guidelines for Medical Marijuana | NCSBN

The NCSBN National Nursing Guidelines for Medical Marijuana Prior to 1936, cannabis was sold over the counter and used commonly for a variety of illnesses in the Unites States (Marijuana Policy Project, 2014). By 1936, every state had passed a law to restrict possession of cannabis, thus eliminating its availability

Clinical Practice Guidelines for Quality Palliative Care

"Clinical practice guidelines are systematically developed statements to assist practitioner and patient decisions about appropriate health care for specific clinical circumstances." (Institute of Medicine, 1990) Issued by third-party organizations, and not NCCIH, these guidelines define the role of specific diagnostic and treatment modalities in the diagnosis and management of patients.

Standards of Accreditation - National League for Nursing

To address the lack of guidelines for nurses when caring for individuals utilizing cannabis, the National Council of State Boards of Nursing Board of Directors appointed members to the Medical Marijuana Nursing Guidelines Committee (see Appendix A). In order to create the requested guidelines and recommendations for education and care, a review ...

National Council of State Boards of Nursing | NCSBN

The impact that the guideline will have on costs is then considered. The evidence is considered by a committee made-up of practitioners, professionals, care providers, commissioners, those who use services and family members or carers. Read more about our guidelines committee and how it develops recommendations.
