Infertility - Wikipedia

If you are asking about becoming infertile naturally, I assume you are asking for natural methods of contraception. It is certain that certain lifestyle habits such as excess alcohol, tobacco, obesity, lack of exercise and other habits which are detrimental to overall health are also harmful for fertility, for both men and women.

Consider soy products. This might help balance hormones if you have PCOS. But there's also evidence that adding soy to your diet could disrupt your endocrine system. People with a family history of estrogen-related cancers, such as some breast cancers, should avoid soy products. If your doctor approves adding soy to your diet, consider soy milk, tofu, miso, and tempeh.
