### **Help! I'm Underwater on My Mortgage - The Balance**

This works only if a homeowner owns other property free and clear. The bank might agree to swap the security for the mortgage from the underwater home to the home without a mortgage. By switching out the security for the loan, the homeowner might be able to sell the underwater home at a reasonable price without a loan in place. The homeowner then can use the proceeds from that sale to pay down as much of the mortgage as possible.

### **Underwater Home: What Should You Do If You Owe More on ...**

An underwater mortgage is when a homeowner owes more on a mortgage than your house is worth. For example, your home is worth \$250,000, but you owe \$300,000 on the mortgage; that means you are underwater, or upside-down on your mortgage. This is also referred to as negative equity. Why is Refinancing Beneficial?
